

## 附件 2: 招生简章 (英文)

### **2021 Hohai University Master Programs for Lancang-Mekong Water Resources Professionals**

#### **About Hohai University:**

Established in 1915, Hohai University (HHU) already has a century-old history. Under the direct supervision of the Ministry of Education, HHU has upgraded itself with good momentum of development in hydraulic engineering and water resources as its main focus, education of engineering subjects as its first priority, and coordinated development of a wide array of disciplines. It's a state key university under the "Double First-Rate" Discipline plan, with national level innovation platforms as well as the graduate school.

HHU has been carrying out international communication and cooperation actively and built close relationships with more than 80 first-class universities and research institutes around the world. It's the first batch of universities authorized to grant doctoral, master and bachelor's degrees to international students and has cultivated thousands of international talents till now.

#### **Degree and Education Duration:**

Hohai carries out a flexible schooling system. The standard academic master program is 3 years, the duration is minimum 2 years and no more than 5 years.
